

Hi parents, students, and staff,

The Gilpin County Booster Club is offering our classes a great way to make money when we buy groceries and gas!

The program is simple:

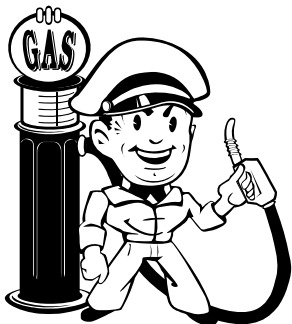

- Purchase a Reloadable King Soopers Gift Card, and assign it to your child's class.
- When you go to King Soopers or Loaf & Jug, add money to your gift card. 5% of the amount you add will be donated to the Gilpin County School Booster Club. The Booster Club will donate half the proceeds to the class. The other half of the funds will help Booster Club provide scholarships and support academic and athletic programs throughout the school.
- Use your gift card to pay for groceries and gasoline at King Soopers, City Market, Loaf & Jug, and other Kroger stores around the country.
- **Continue to reload your gift card month after month.** Encourage other family members, friends and co-workers to participate also. Cards also make great gifts!

Why does our class need to raise money?

Good question! In 6<sup>th</sup> grade, the children raise money for an Outdoor Education trip. As Juniors, they will finance the prom! And as Seniors, classes often take a Senior Trip, and/or leave a class gift. Throughout the years, each class may need money for other school approved activities.

The more money our class earns through groceries and gas, the fewer chocolate bars we will need to sell later! 😊

Yes! Please send me \_\_\_\_\_ King Soopers Gift Cards. I am enclosing \$5 for each card. I understand that they come with \$5 already on the card, so there is no real expense to me. Please make checks payable to "Gilpin County Booster Club" or cash is fine too!

My student (name) \_\_\_\_\_ is currently in grade \_\_\_\_\_

If you need to contact me about my order, the best way to reach me is:

Telephone: \_\_\_\_\_ Email: \_\_\_\_\_

Please return this form with payment to your teacher.

PS... Already have a Booster Club King Sooper Gift Card? Email Nancy with your card number and student's current grade to make sure the proceeds are benefitting your class of your choice!

# Gilpin County Booster Club: King Soopers Gift Card Fundraising Program

## Frequently Asked Questions:

### 1. How do I “re-load” or add money to my gift card?

There are 3 ways to add money to your card.

- a. Go to the King Soopers customer service desk. Tell them how much money you want to add to the card. You can pay for the amount you are adding with cash, a check, or a credit card.
- b. At the grocery check stand, **before** the cashier begins to check out your groceries, tell them you would like to add money to your gift card. You can use the gift card to pay for that purchase.
- c. At Loaf & Jug, have the cashier add money to your card. You can then use the gift card to pick up groceries, or to buy gas.

### 2. How much money does the school earn?

- a. King Soopers pays the Gilpin County School Booster Club 5% of everything you “re-load” on to gift cards purchased through the Booster Club.
- b. The Booster Club splits the proceeds with the class of your choice. Your child’s class will earn 2.5%. The Booster Club keeps 2.5% to help fund our programs throughout the school.
- c. In order to help the 6<sup>th</sup> grade class fundraise for their Outdoor Education trip, Booster Club has made them a special offer. From now through May, Booster Club will donate the full 5% earned to the 6<sup>th</sup> grade class. After their trip is over, they will once again split the proceeds.

### 3. Does my King Soopers Gift Card have fees?

- a. King Soopers does not charge monthly or annual fees on the cards. If you have a balance on the card, it will stay on the card until you are ready to use it.

### 4. Does my King Soopers Card expire?

- a. As long as you have a balance on the card, it will not expire. For example, if you had \$50 on the card, and spent only \$46, the \$4 balance will remain on the gift card.
- b. Gift cards that have been completely spent, and carry a \$0 balance for 90 days will expire. You can simply purchase a new \$5 card from the Booster Club at that time.

### 5. What do I get for my \$5?

- a. You get a \$5 gift card for King Soopers. It comes pre-loaded with \$5 on the card.
- b. The Booster Club paid King Soopers \$5 for your card, and you are simply reimbursing the Club. The school begins to earn money when you re-load, or add money to the card.

### 6. How about my fuel discounts? And the discounts on groceries?

- a. You get all the discounts you normally earn at King Soopers.
- b. When you pay for your groceries, you still give them your King Soopers discount card, or your phone number. You earn all your fuel points, and money off of groceries.
- c. You can even earn the bonus fuel points when you use your King Soopers Gift Card to purchase gift cards to other stores.

### 7. Do I need to tell you when my student advances to the next grade?

- a. No. When we set up your card, it is assigned to the child’s graduation year. For example, the third graders are the class of 2021. Your King Soopers card will stay with that class and their graduation year.
- b. If you wish to change the class for any reason (for example to help fund a sibling’s class) you can email Nancy at jimnancy\_15@msn.com. Give her the last 6 digits of your King Soopers Card, and the class you would like future revenues to go to.
